HOBBIES & INTERESTS

- Hip Hop & Music Production
- Football
- Art & Culture
- Technology & Innovation
- Travel & Local Exploration

LANGUAGES

Spanish: Native
English: Advanced

ABOUT ME

I'm a Junior Software Engineer passionate about building clean, functional products and learning by doing. I enjoy solving small problems through code and improving a bit every day. Curious by nature, I like experimenting with new tools and turning ideas into simple, useful projects.

EXPERIENCE

Personal websites builder - Freelance Software Engineer

April - June 2024

I'm a Junior Software Engineer who enjoys creating simple, functional websites and learning by doing. I like writing clean code and finding practical solutions to everyday problems.
